ANNUAL REPORT TO DONORS

2016/2017 ANNUAL REPORT TO DONORS

Ohlala! 2016/2017 is the year our Foundation crossed a major milestone in donor support! Truly a historic moment, our annual donated revenues surpassed \$3,000,000! Because of Foundation donors we enjoyed a surplus of donated revenues vs Health Centre immediate needs, albeit for a brief time.

Our euphoria has been tempered by accepting our new \$10,000,000 challenge, installing advanced Electronic Health Records (EHR). The Foundation realizes the importance of committing to the installation of this paperless, comprehensive, confidential record.

Because of the generosity of our donors, we have replaced all major equipment in the Health Centre since 2010. This provides a window of opportunity to commit to installing the advanced EHR. Our initial commitment to the Health Centre for \$6.2 million over 5 years comes from forecasted revenues and leaves a \$3.8 million shortfall. To meet this deficit, the Foundation will work with donors to complete the \$10,000,000 installation cost. If we are unsuccessful, the Health Centre will take a loan. Should this happen, paying off a loan could have consequences impacting patient care. With increasing costs and the government cutting \$873,000 from Health Centre funding in 2016, the Health Centre has never had such a tough budget year.

In passing the \$3,000,000 milestone in Foundation support, we have felt like the little engine that can. Facing the long uphill battle of the \$10,000,000, cost of implementing EHR, means donations have never counted more.

EARLY MILESTONES IN OUR ELECTRONIC HEALTH RECORDS JOURNEY

- ▶ By year end, March 31, 2017 Foundation donors had compiled the first \$1,000,000 towards the \$10,000,000 installation cost
- ▶ Regulated by Ministry, the level of broadband service to the Health Centre, was upgraded to enable the advanced Electronic Health System to work.

Every penny counts at the Foundation but this year our steadfast major donors accompanied by our Northern Angel Council took us to new levels of support for local hospital care. A heartfelt thank you to:

MAJOR DONORS:

Airlie Foundation
Auxiliary of the WPSHC
Charles Norcliffe Baker & Thelma Scott Baker Foundation
Joe & Fatima Bamford
Lloyd Carr-Harris Foundation
CN
Desmasdon Boat Works
Distler Construction Ltd.
Dock Kings Pontoon Systems

- ▶ Within a few months we will be transmitting our Diagnostic Imaging to the Provincial Repository (currently we are the only hospital in the province unable to do so).
- ▶ Within a couple of months, the Ministry is projecting we will be able to transmit our patient records to and from any hospital in the province (not doctor's offices, hospitals).

GOVERNMENT DOESN'T FUND EQUIPMENT PURCHASES. DONORS DO.

SPECIAL EVENTS

Again, Foundation events anchored our fundraising plans. May 2017, our Georgian Bay Walk, Run, Pole realized revenues of \$78,534 bringing us to a decade grand total of \$706,885 in support of local cardiac care; the September 2016 Support the Girls Breast Cancer Golf Tournament realized revenues of \$31,202 to help fund mammography 3-d imaging and our recent Mosey & Mosey Youth Ball Hockey realized \$15,553 to support Gateways for our anesthetic machines (requirement of EHR). The Ridge Classic Golf Tournament realized \$58,155 to replace a 35 year old skin mesher for OR equipment.

Going strong for 8 years, our annual Moose Radio-a-thon and their loyal listeners realized \$73,588 with a match from the \$500,000 family gift of Walling and Julia Ruby. Gifts through the 'Get Off the Bus Concerts' have reached \$133,000 to date. Everyone is working hard to keep hospital care local!

ENDOWMENT - THE FOREVER FUND

The Forever Fund, revenues from the Foundation's Endowment, helps buy critical equipment year after year. Our patients and medical teams are forever grateful to the donors who are building this fund. The majority of the donations have come through Wills, a Living Legacy of those who believed in local hospital care. The Foundation currently has \$2,910,430 in the Forever Fund realizing \$100,000 in income annually to buy equipment.
